

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Patent Number: 7,131,652

Issued: November 7, 2006

Inventor: John Edward Ramsey

Application No.: 10/683,634

Title of Invention: Steering Damper And Backup Lock Beam Attachment

ATTN: Certificate of Correction Branch

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
FOR PTO MISTAKE (37 C.F.R. § 1.322(a))**

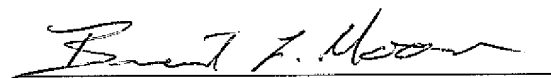

1. Attached is PTO/SB/44 (also Form PTO-1050) in a form suitable for printing.
2. The exact page and line number where the errors are shown correctly in the application file are:

Response "A" under 37 C.F.R. § 1.111 filed August 16, 2006, pp. 2 and 4, Claims 1 and 7.

It should be noted that the Examiner's Amendment dated September 18, 2006, states that: "Upon further review, the claims are deemed proper and have been amended to read as per the claims, of the applicant's amendment filed August 26, 2006" (This appears to refer to applicant's amendment in Response "A" filed June 23, 2006, and received by the USPTO on June 26, 2006, as this was the only amendment filed by applicant for this application.) Moreover, the first bulletpoint amendment in the Examiner's Amendment dated September 18, 2006, should read Claim 1, Line 1, and not Claim 1, Line 7, as the words "on said axle ends" which were changed via the amendment to "on said axle tube ends" appear in Line 1 of Claim 1, not Line 7 of Claim 1.

3. Please send the Certificate to:
